
Process Approach Policy

At **BerryBlues Export (OPC) Pvt Ltd's** garment factory, we recognize that achieving consistent quality and meeting customer expectations requires a systematic approach to managing our processes. Our commitment to the process approach is reflected through:

- Identifying and understanding the key processes that contribute to the production of high-quality garments, from design and sourcing materials to manufacturing, inspection, and delivery.
- Defining clear objectives and performance indicators for each process to ensure they are effectively planned, controlled, and monitored.
- Establishing documented procedures and work instructions that outline the sequence and interaction of our processes, ensuring consistency and compliance with ISO 9001:2015 standards.
- Implementing measures to continuously improve our processes, including regular reviews, audits, and the use of data-driven analysis to identify opportunities for optimization and innovation.
- Providing training and resources to our employees to enhance their competence in performing their roles within the defined processes, promoting a culture of accountability and ownership.
- Encouraging collaboration and communication across departments to streamline workflows, minimize waste, and maximize efficiency throughout the production cycle.

By adhering to the process approach, **BerryBlues Export (OPC) Pvt Ltd's** garment factory aims to enhance customer satisfaction, achieve operational excellence, and maintain a competitive edge in the global market.
